THE MAGIC CLUB'S ROOM IS LOCKED, SO IF YOU COULD LET ME IN THROUGH THE CHEMISTRY ROOM, I'D REALLY APPRECIATE IT...

THEIR NEIGHBOR, THE QUITE POPULAR CHEM CLUB PRESIDENT MADARA-SAN, IS BACK! ♥

WAH-!

YES? WHO IS I...

PART 1 MADARA SENPAI

A SODA! THAT'S PERFECT, THANK YOU SO MUCH!

SINCE YOU'RE HERE, TAKE THIS.

スッ

UMA COLA

?

WAIT HERE A BIT.

THAT'S FINE, BUT... AH.

FU FU... BUT THIS IS NO ORDINARY SODA.

第57話

! IT'S STARTING TO FREEZE?!
11°
11°
SUPERCOOLING: THOUGH WATER'S FREEZING POINT IS 32°F, IT CAN BE COOLED BELOW BY COOLING A LIQUID SLOWLY AND UNIFORMLY, THAT WITHOUT FREEZING.
HOWEVER, WHEN THE CAP IS DISTURBED, THE LIQUID MOVES, CAUSING IT TO FREEZE INSTANTLY.
*Be careful of leaving a bottle in the freezer, as it may break! (This is because water expands when frozen.)
WHEW... SORRY I'M LATE!
HM? IS ASSISTANT NEXT DOOR
HE LOOKS LIKE HE'S HAVING FUN CHATTING WITH THAT PERSON...
.....
I'D FEEL BAD IF I WALKED IN NOW, SO I GUESS I'LL WAIT OUT HERE FOR A BIT.
FOR SENPAI, A FRIEND'S FRIEND IS NOT A FRIEND.

'INERTIA' IS THE PRINCIPLE THAT AN OBJECT AT REST TENDS TO STAY AT REST. THUS, IF THAT INERTIA WINS OUT OVER THE FRICTION FROM THE TABLECLOTH, THE CLOTH WILL MOVE WITHOUT CAUSING THE OBJECT ON TOP OF IT TO MOVE.

DO YOU KNOW HOW IT IS THAT IT'S POSSIBLE TO PULL A CLOTH OFF A TABLE WITHOUT DISTURBING WHAT'S ON TOP OF IT?

IT'S CALLED A TABLECLOTH PULL.

BEFORE YOU GO BACK TO YOUR ROOM, LET ME GIVE YOU ONE MORE DEMONSTRATION.

## PART 2 CLOTH PULL SENPAI

WATCH OUT-!!

!

OOF, IT'S HEAVIER THAN I THOUGHT...

OKAY, TIME TO EXPERIMENT!

4ミリ…

...But maybe he's been secretly hanging out in the Chem room this whole time...?

I'll just take a little peek.

No way! He's my club member, after all!

...What if Assistant is really more interested in chemistry...?

NEXT DOOR

ARE YOU OKAY?

AH-

THA... UM...

SO, IT'S LIKE THIS, HUH?!

WHAT?! SENPAI, WHAT DO YOU MEAN?!

WHAT'S MORE IMPORTANT TO YOU? ME?! OR CHEMISTRY?!

DON'T MAKE THIS MORE COMPLICATED THAN IT ALREADY IS!!

PART 2 CLOTH PULL SENPAI / END

VOLUMES 1-2 OF THIS SLIGHTLY SEXY MAGIC COMEDY ARE ON SALE NOW ♥

WELL... JUST DON'T GET YOUR HOPES UP...

I'VE NEVER SEEN HER PERFORM... IS SHE AS SKILLED AS SHE THINKS SHE IS?

WHAT'S SHE DOING HERE?!

SORRY, MADARA-SAN, SHE JUST REALLY WANTS TO TRY THE CLOTH-PULLING TRICK.

I SEE WHAT'S HAPPENING HERE! WE'RE IN A LIFE-OR-DEATH BATTLE AGAINST THE CHEM PRESIDENT!

BUT NOW IT'S MY TURN!

## PART 3 UNBEATABLE SENPAI

WHAT AN ABNORMAL METHOD...

TAKE THAT!!

THOSE ARE PRETTY ABNORMAL TOO...

ゴゴゴゴゴゴ…

A TOTAL FAILURE... SORRY FOR WRECKING YOUR LAB...

UM, DON'T WORRY ABOUT ME! BUT, IF YOU'RE HOT, I KNOW A WAY TO HELP THAT...

TELL THAT TO MADA-RA-SAN! GEEZ... I'M START-ING TO SWEAT AGAIN...

プイッ

IT LOOKS LIKE I MISUN-DERSTOOD SO... I'M SORRY...

RIGHT? CHE-MISTRY IS AWE-SOME!

CHEMIS-TRY IS THE BEST...

SO COOL ...

THIS IS DUE TO THE FACT THAT A LIQUID ABSORBS HEAT WHEN EVAPORATING, A PHENOME-NON DUE TO ITS VAPORIZA-TION HEAT.

PUTTING A DAMP CLOTH ON FRONT OF A BREEZE WILL MAKE IT COOLER.

WHEN ARE THOSE TWO GOING TO LEAVE...?

YOU'RE GONNA CATCH A COLD, IDIOT.

LOOK! MY DAMP CLOTHES MAKE THE WIND SUPER COOL!

BUT...

ONE HOUR LATER

SHE MISSED HER CHANCE TO TELL THEM TO GO.

MAGICAL INVASION

CHAPTER 57 / END CONTINUED NEXT ISSUE

I'VE ALWAYS BEEN OPPO-SED TO THE DECEPTION OF MAGIC. THAT'S WHY I'VE BEEN CAUTIOUS ABOUT THE MAGIC CLUB BEFORE, NOW...

BUT IT LOOKS LIKE MY FIRST JUDGMENT WAS WRONG. I'VE STILL GOT A LONG WAY TO GO...
